## Recommended Action

1. Customers are requested to take note of this change to prevent hold or rejection at customer's receiving and incoming inspection.
2. Please note that upon implementation of the new mark layout, Intel PSG may continue to ship units of the previous top mark layout until inventory is depleted. Customers may receive products of either top mark layout.

This change does not affect customer specific/custom top mark or label requirements.

This change does not impact the traceability, form, fit, function, quality or reliability of the devices.

## Products Affected:

STRATIX 10 Products

## Reason for Change

Alignment of marking, label requirements and systems as part of the overall Altera integration into Intel.

## Change Implementation

Table 3

Milestone	Date
Date change is effective	August 14, 2017

Upon implementation, Intel PSG may continue to ship units of the previous top mark layout (pre-change material) until inventory is depleted.
